SECOND BIDDING - ADDENDUM #1
CENTENNIAL PARK ELECTRICAL IMPROVEMENTS

July 14, 2017

This addendum addresses additions, changes, and clarifications to the Contract documents and Contract Drawings for the City of Elko, Centennial Park Electrical Improvements Project.

Clarifications:

- 1 – Prevailing Wages are NOT required for this project.
- 2 – Questions for this bid are due to the City Clerk's Office by 3:00 pm Local Time on Wednesday, July 19th.
- 3 - Fees for construction permits will be waived by the City of Elko. Landfill fees for disposal of any construction materials will NOT be waived.
- 4 – The existing conduits shown between 7th Street and 8th Street have string in them that was recently added. They have not been tested recently with a mandrel or by any other means.
- 5 – Sheet C2 calls for the removal and replacement of 36 sf of sidewalk for the utility pole removal at the intersection of 7th and Railroad. Concrete removal will be performed by NV Energy. Contractor will be required to construct the sidewalk after pole removal at this location only. Other poles that are being removed are in the area of the 7th Street closure and reconstruction of improvements will be on a future contract. Item 20, Construct Sidewalk has been added to the attached Bid Form. Use this revised Bid Form in place of the one in the original Bid Documents.
- 6 – The contract time is adjusted to 45 days to allow for ordering and shipping of electrical vaults. Expected lead time for the 612 vaults for NV Energy is 2 ~ 3 weeks.
- 7 – It is understood that lead time for antique light poles and possibly the LP 1-5 electrical pedestal may be longer than the 45 days allowed for this contract. If that is the case, the installation of these specific items will not be required for substantial completion of the project. However, light pole bases, pedestal base, and conduit and

wiring for these items will be required for substantial completion. Payment for each item will be held until that item is fully completed.

8 – Survey for proposed light pole locations will be provided by the City of Elko.

Thank you for your interest in bidding this project.

Bob Thibault, P.E., P.L.S.
City of Elko
Civil Engineer

4.0 EXHIBITS

5.0 EXHIBIT 1 - BID FORM

THIS FORM, FULLY COMPLETED, MUST BE USED FOR ALL BIDS
