

**Request for Qualifications
For Design Services for a
New Combined Water and WRF Shop**

The City of Elko is currently soliciting Statements of Qualifications (SOQ) from qualified architectural firms for the design services related to the following project:

Design of a new combined Water and WRF Department Shop.

Professional services for this project will include, but not limited to, architectural, mechanical, electrical, and civil design including all phases from schematic design to construction documents. The design work shall be completed no later than June 25, 2018. The project will consist of designing an expandable block industrial type building of approximately 23,000 square feet.

For the entire Request for Qualifications packet please contact the City Clerk.
